MASTERPATH SDN BHD
LEARN. GROW. MASTER.

COURSE OVERVIEW

This course is designed to empower non-finance professionals with essential financial literacy, enabling them to interpret and apply financial information confidently in daily business decisions. Through practical modules covering accounting fundamentals, bookkeeping, financial reporting, cash flow management, and business taxation, participants will develop a well-rounded understanding of how finance impacts operations, profitability, and sustainability. By the end of the course, attendees will gain the knowledge and confidence to engage effectively in financial discussions and contribute to strategic decision-making.

LEARNING OUTCOMES

- Understand and apply basic accounting principles and concepts.
- Interpret and maintain accurate bookkeeping records.
- Explain the accounting cycle and its relevance to business operations.
- Read and analyze key financial statements.
- Identify and manage cash flow challenges to maintain financial stability.
- Recognize tax-deductible expenses and apply basic tax computation frameworks.
- Use financial data to support sound decision-making in business environments.
- Bridge the communication gap between finance and non-finance departments.
